## 4. THE APPLICATION PROCESS

**Please note** that the application process described here **only** applies to those applicants who qualified at a South African Nursing Education Institution.

If you are an applicant who qualified outside South Africa, you should follow the normal procedure to apply for registration of a qualification obtained outside South Africa. If after evaluation of your qualification it is determined that you qualify for registration as professional nurse, you will be notified of the correct procedure to be followed to apply to be registered in the category Community Service.

### 4.1 The application form

- 4.1.1 Applications must be made on an official application form obtainable from the Nursing Council for that purpose. Forms can also be downloaded and printed from the Nursing Council website ([www.sanc.co.za](http://www.sanc.co.za)).

- 4.1.2 There are two different types of forms. One is for applicants who completed the course at a South African Nursing Education Institution (**SANC-4-22**) and the other is for applicants who obtained a qualification outside South Africa (**SANC-4-23**). Please make sure that you use the correct type of form.
- 4.1.3 Forms must be filled in using a ballpoint pen and all required information should be neatly and clearly **PRINTED**.
- 4.1.4 Nursing Education Institutions may find it helpful to fill in the following information (required on the second page) before photo-copying the forms:

  - Name of Nursing Education Institution;
  - Name of Qualification (the name of the qualification as it will appear on the Diploma or Degree Certificate issued to the applicant by the Nursing Education Institution);
  - Name and SANC Reference Number of the Head of the Nursing Education Institution.
- 4.1.5 The duly completed application form must be signed by both the applicant and the head of the Nursing Education Institution.

Please use your Nursing Education Institution number followed immediately by the payment type code **REGFPRA** as a reference for the payment.

## 5. REGISTRATION IN THE CAPACITY COMMUNITY SERVICE

**Please note** that at this point the applicant ceases to be an applicant and now becomes a practitioner. We will therefore stop using the term applicant and continue using the term practitioner. However, please be assured that we are talking about the same person.

5.1 If everything in the application is in order, the Nursing Council will issue the practitioner with a certificate of registration in the capacity Community Service.

5.2 The certificate will limit the practitioner to performing community service in the province indicated on the application form.

5.3 The certificate will be valid for a period of two years from the date of registration – as indicated by the expiry date printed on the certificate.

### **PLEASE NOTE:**

**In terms of the Nursing Act, 2005, the certificate is proof of registration for a period of one year from the date of registration. Thereafter, a practitioner whose Community Service extends into the second year will have to pay the required Annual Fee in order to remain on the register (and be issued an Annual Practising Certificate as proof of registration).**

## 6. COMMENCEMENT OF COMMUNITY SERVICE
