WHAT IS THE E-REGISTER/

What is the eRegister?
- The eRegister is the South African Nursing Council Electronic Register of Nurses and Midwives
- It is an electronic COPY of the active records in the official register.
- The eRegister is published in terms of section 35 of the Nursing Act, 2005.

Functions of the eRegister:
- It is primarily intended for use by employers or prospective employers who need to verify the registration status of an employee or prospective employee. Practitioners may also use eRegister to confirm their own registration status.

Accessing the eRegister:
- eRegister freely available to use on the SANC website, the via internet.
- There are instructions on the screen to guide the end users and make the use of the tool user friendly
- Conditions of use (explained below) must be read and accepted in order to use the eRegister.
By clicking on the "I Accept the Conditions of Use" button on the eRegister webpage, agree to the following Conditions of Use:

- The sole purpose of the eRegister is to enable Internet users to quickly verify the registration status of nursing practitioners in South Africa.

- For security reasons, the eRegister is a COPY of the active records in the official register, displayed on the Internet and updated from time to time in terms of section 35 of the Nursing Act, 2005. For this reason, RECENT additions and removals may not be reflected until the next update takes place. The date on which the information was extracted from the official register is shown in the heading of details pages.

- In terms of section 36 of the Nursing Act, 2005, there are four documents that provide proof that a person is registered as a practitioner. These documents are the following:
  - A copy of the last published issue of a register.
  - A SANC certificate of registration (valid for one year from date of registration)
  - A SANC Annual Practicing certificate (APC- valid for one year from date of registration)
  - A certified copy under the hand of the Registrar of the entry of the person’s name in the register.
While the *eRegister* is not a physical document, it is still a copy of the official register, published (displayed on the Internet) in terms of section 35 of the Nursing Act, 2005 and it can legally be used by employers or prospective employers to verify that a person is registered in terms of the Nursing Act, 2005.

Full details of persons removed from the register are always retained in the Nursing Council's official register. However, the *eRegister* ONLY contains details of those persons currently registered. The absence of a person's name from the *eRegister* means that he/she has either been removed from the register or never been registered at all. If necessary, users of the *eRegister* may confirm the reason why the person has been removed from the register by calling the Help Desk on (012) 420-1000 during office hours or by email sent to registrar@sanc.co.za.

The information in the *eRegister* is displayed in good faith as an easy to use tool for Internet users. Every effort has been made to ensure that the information displayed is correct and that the system operates correctly. However, the Council's official register (database) will always take precedence in the event of any discrepancy.
5 EASY STEPS TO ACCESS THE EREGISTER

**Step 1**
- Go to [www.sanc.co.za](http://www.sanc.co.za)
- Using any of the main stream internet browsers (Internet Explorer, Edge, Chrome, Firefox, etc.)

**Step 2**
- On the left pane click on “eRegister”

**Step 3**
- Click on “Click here to start the eRegister System”

**Step 4**
- Click on “I accept the conditions of use”

**Step 5**
- Enter the SANC number or SA ID number and click the Find button
The eRegister is an authentic South African Nursing Council tool to verify registration status. *We encourage stakeholders to use the tool correctly.*

A hardcopy of the contents of the eRegister is not proof of registration till you have verified on the eRegister yourself. *(this is to mitigate the risk of people producing fraudulent copies claiming they are registered – refer to the samples in slides 8 & 9)*
